Dear Bartec Fire Safety Systems Ltd.,

We wanted to express our most sincere thanks for the generous gift of \$1,000.00. We are incredibly grateful. Our donors are the reason we can be there for families when they need us.

Your generosity to the CKNW Kids' Fund will transform our ability to provide timely support to low income, at-risk families with children who require extra medical, social, educational or environmental supports.

When we began in 1945 the mission was to help children in a New Westminster orphanage and from those humble beginnings grew the CKNW Orphans' Fund. Fast forward 75 years later to a new chapter and a new name the **CKNW Kids' Fund**. Our commitment is as strong as ever.

I am grateful that you have chosen to support the CKNW Kids' Fund. Your donation will be used wisely to support vulnerable kids with physical, social, cognitive and mental health challenges living in BC communities.

Warmest regards,

Sara
